AMERICAN SAVIOR

The tragically comic T.H.U.G. Legend
in which the sometime humblebee
sometime morbid butterfly
True Healer Rahula Today
is born a broken Buddha
in the concrete jungle of Detroit,
grows up way too soon,
loses his brother Pascal,
receives the True Healer transmission,
searches hopelessly for himself
but loses his identity in the process,
piles on masks to hide the pain,
self-medicates to control the anger
falls in and out of love to stay hurt,
flees the country under state surveillance,
discovers popular education and
his nondentity as a white ally,
becomes a lyrical hurricane,
smashes his ego, fights his addictions,
and completes his True healing
in order call out the pain inflicted by
Manifest Destiny & the Colonial Mentality,
To channel the strength and struggle of
the Youth of this Diamond Age,
the Single Mother, the Prostitute,
the Migrant Worker, the Invisible African
the Rape Survivor, the Drug Addict
the High School Dropout, the Hungry and the Lost,
in the name of the Infinite Potential of Truth,
following the Passionate Footsteps of Jesus
by transmitting the Holy Word of Goddess,
thereby initiating the True Healer Under Ground
and laying the first True brick In the Temple of SHE:
